Journal of Ecosystems and Management

The Journal of Ecosystems and Management (JEM) is a peer-reviewed electronic journal covering natural resource and ecosystem management issues relevant to British Columbia. In addition to scientific articles, JEM provides a forum for commentary on current natural resource challenges. JEM's broad readership includes natural resource practitioners, professionals, policymakers and researchers. The Journal extends research results, indigenous knowledge, management applications, socio-economic analyses and scholarly opinions. JEM is an open-source journal, freely available to the public at www.jem-online.org. JEM brings together a broad range of topics and perspectives with clear relevance to sustainable management of our natural resources. JEM fills a niche by: Delivering content requested by our audience, including syntheses of research information, science-based evaluations and recommendations, practical land management

Journal of Economics Library

applications, technology transfer, views on public policy and natural resource issues, and research needs. Peer reviewing all JEM articles to ensure quality and relevance. Publishing a variety of article formats, including Research Reports, Discussion Papers, Extension Notes, and Perspectives. Assisting organizations and individuals to deliver and access information. Offering free unlimited public access to JEM articles published on-line. Allowing for dialogue on published papers through a reader response section.

Marketing & Tourism Review

The *Marketing & Tourism Review* (ISSN 2525-8176) is an academic journal focusing on marketing and tourism. Our aim is to promote extension programs and dissemination of science through the involvement of top researchers. The journal is published by the *Núcleo de Estudos e Estratégias de Comunicação Integrada de Marketing e Turismo – Neecim-TUR* (Center of Studies and Strategies of Integrated Marketing Communications and Tourism), coordinated by Professor Marlusa de Sevilha Gosling, Federal University of Minas Gerais (UFMG), Brazil. The *Marketing & Tourism Review* publishes essays and original articles and contributes to the exchange of knowledge and information by adopting Open Access Policy and promoting and disseminating high-quality research, in terms of topics or methods, among Marketing and Tourism researchers. The purpose is to fill a gap in research on the intersection of Marketing, Tourism Marketing, and Tourism, by publishing original and relevant articles that include and discuss topics permeating these fields. Manuscripts can be submitted at any time and they follow a double-blind review process. Currently, most reviewers of the journal are external to the host institution (UFMG). The electronic journal is a joint project of UFMG and two academic institutions from Portugal, the Polytechnic Institute of Leiria (IPLeiria) and the Faculty of Economics, University of Algarve (UALG), thus, it assumes itself as a forum for the dissemination of international science research from the outset. The *Marketing & Tourism Review*'s editor-in-chief is Professor Marlusa de Sevilha Gosling, who is assisted by an Editorial Board of leading PhD or Postdoc researchers from Brazil and Portugal, experts in the fields of Tourism and Marketing. Also, the journal has a group of accomplished scholars who review the submissions, in a continuous flow, in a double-blind review process.

Asian Review of Public Administration

The Asian Review of Public Administration (ARPA) is the flagship journal of the Eastern Regional Organization for Public Administration. It is an internationally-refereed journal in the field of public administration and governance in the Asia-Pacific region. The first issue of the Asian Review of Public Administration came out in June 1989, taking off from the EROPA Review, initially published in Saigon. ARPA hopes to serve as a continuing forum through which views and positions of scholars and practitioners can be shared. It reinforces EROPA's commitment to good administration not only among members in the region, but with other regions as well. EROPA seeks to expand the forum, to improve EROPA's interactions, to further discover the organization's capabilities by way of exchanging ideas and perspectives. Scholars and academicians, practitioners, students and researchers interested in the field of public administration and governance in the general Asia-Pacific region are the target audience of the journal.

Asian Journal of Environment-Behaviour Studies

The Asian Journal of Environment-Behaviour Studies (ajE-Bs) is an international interdisciplinary Open Access Journal, currently indexed in ScienceOPEN. Commencing 2018 it shall be published bimonthly. It aimed to publicise condensed articles sourced from selected papers presented at the AcE-Bs (Asian Conference on Environment-Behaviour Studies) held in Asian countries, and AicE-Bs (Asia-Pacific International Conference on Environment-Behaviour Studies) held in non-Asian countries. The double-blind peer-reviewed papers concerned the interrelationship of human behaviour with the environment. The scope of the papers involved research findings which affected mainly the Asian communities, though other communities are also considered, where relevant.

Social Work and Social Sciences Review

Social Work and Social Sciences Review sets out to reinforce and expand the links between social work practice and the various social science disciplines which inform it. The Editors welcome articles and proposals from any area in the social sciences, particularly with relevance to the development of social work knowledge. PKP is now hosting our online journals. We are still finalising the appearance of our journal pages. To view issues of the journal, click on 'By Issue' under browse on right of page.

Shashi: the Journal of Japanese Business and Company History

Shashi: the Journal of Japanese Business and Company History is a peer-reviewed annual publication on the history of business and manufacturing in Japan. We are especially interested in original research that utilizes *shashi*, or methodological examinations of them. *Shashi* are gray literature published by companies themselves to commemorate significant anniversaries, such as the 10th, 50th and 100th. Since the Meiji period, many Japanese companies have published *shashi*. These books contain not only the company's history, but also that of their industries. They reflect changes in culture, conditions and social environment. *Shashi* also present history going back to the medieval and early modern periods, since so many Japanese companies have experienced extraordinary longevity. There are more than 50,000 companies over 100 years old in Japan; 3,886 of them are over 200 years old. *Shashi* are a window into that history.

SHARE Journal of Islamic Economics and Finance

SHARE Journal of Islamic Economics and Finance (E-ISSN : 2549-0648; P-ISSN : 2089-6239) is presented as an effort to promote the Islamic economics and finance knowledge to the world.
